Nearly all the strikers are Italians. It is feared that the male strikers will surround the mills at 6 o'clock, the hour for knocking off work, and mob those who refused to strike as they leave the mills.

Deputy Sheriff Bertholf to-day swore in a number of special deputies, and these, with the local polics and constables, will go to the mills this evening to protect the men as they leave.

POMEROY, O., May 25.—Four hundred miners yesterday visited the miners which supplied the sait furnaces and other local industries with fuel and induced all the men to join the river strikers. This will close down all furnaces and iron mills. The strikers will cross the river to-day and move on Senator Camden's mine, to shut off the supply of coal being shipped to Pennsylvania over the Ohlo River road. The operators of this district are ready to pay the price demanded, but miners refuse to accept until a general settlement is effected.

LEAVENWORTH, Kan., May 25.—Among laboring classes there is now a decided reaction in the treatment of the Visiting miners and strikers. The Truckes and Labor Assembly held a conference with the men in camp and promised them protection and aid in case they desired to resume their peaceful minison. The miners of the Home and Kansas and Texas shafts have caught the spirit, and there is every reason to believe they will go out in spite of the action of citizens to protect and support them.

Finding that Mrs. Bull was dead, Willoughby sent the boy and his wife down Kearny avenue for a doctor, and on the way Mrs. Willoughby met Sergt. Sinnock, who gave the alarm and rushed to the scene of the murder.

The messengers hastily summoned Dr. Reid and Assistant County Physician Roth. They found that Mrs. Bull was dead, but that Bull had not reached any vital part when he cut his own throat. Before the wife's body was removed Chief of Police Turnbull arrived and asked Bull if he had anything to say. The latter tried to answer, but the blood choked him and he shook his head. He was then taken to the hospital.

An "Evening World" reporter the vitted the scene later, found the pincy looking like a slaughter-house. The walls were splashed with the woman's life blood. Her body key where it had fallen, as County Physician Converse, of Jersey City, had not yet arrived to give a permit for its removal.

More than three hundred and fifty entries have been filed for the annual Spring games of the New Jersey Athletic Club, scheduled for Memorial Day at Bergen Point. This meeting will bring together the choicest combination of college and club athletes ever seen at single set of games. With Harvai Yale, University of Pennsylvania, Priceton, Columbia and Cornell represented, and all the leading athletic clubs contributing, there should be no lack of excitement over the finishes in the track events. The collegiams will comprise the winners at the intercollegiate championships of to-morrow, and it will be interesting to compare their form with that shown by the clubmen. Harvard, Yale, University of Pennsylvania and Columbia will start teams in the one relay tace. Each team will be made up of four fast quarter-mile runners. It will probably be the hottest race of its kind ever seen in this country. There will be an interesting athletic programme, a lacrosse match, Crescent vs. Stevens, and a baseball match, N. J. A. C. vs. the New York Law School. The Club will have accommodations for 15,000 persons, and part of the field nearest the club-house will be reserved for carriages. Champion Day is in fine form for the three-mile run, and no doubt he will come very close to his own record.
